2023 High School National Officer Candidate Program

Purpose: To ensure SkillsUSA Ohio has the best representation and quality officers possible to serve as ambassadors for the organization, not only in local communities and schools, but also on a national level. In order for Ohio to have proper representation at the National Level, it is important to ensure that Ohio is able to get two officers elected, and that these officers are of quality caliber and substance. The program will provide a greater understanding of the organization for National Officers in order to expand their opportunities, duties, and responsibilities prior to conferences and provide a greater professional development opportunity.

Expectations: Students running for National Office are expected to be of the highest quality and should be in good academic standing prior to running for office. National Officers will be expected to maintain grades greater than a “C” average and abide by the Code of Conduct at all times. Violation of either of these conditions may result in removal from office.

National Officer Candidates need to complete the first 9 essential elements (Foundations) in Career Essentials Experiences (to be turned in during Candidate Orientation prior to the State Delegate Assembly), as well as an application (complete with photograph), essay and enrollment packet by March 12. Each potential National Officer Candidate will have to complete an interview process with a team selected by the State Director. The outcome of the interview will determine the candidate’s ability to run for one of the two spots before the State Delegation at the State Conference in April. Once the officer candidates have been selected to go onto Nationals by the State Delegation, they will be expected to attend delegate training which will take place in June. This will provide added training and knowledge the candidates will need prior to their arrival at Nationals, while allowing the delegates to get to know the candidates to the best of their ability in order to better assist our candidates. The officer candidates will be expected to maintain an active role during the year after their election, even if they are not elected Nationally, based on merit and performance at Nationals. Throughout the year, officers will be responsible for serving as ambassadors for their regions and for their school, making public contacts and promoting the organization with the guidance of SkillsUSA Ohio. All officers will be responsible for providing a bi-monthly report to show their growth and outreach efforts.

***Getting elected to National Office does not guarantee the National Officer a spot on the State Officer Team; this will be based on merit of the officer.**

***Assignments and conferences are determined by SkillsUSA and must be approved by the school and state association.**

***Ohio National Prep Conference – June 9, 2023** - Meet National Voting delegates and learn responsibilities of National Conference

***National Leverage and Engage Training for Student Leaders and National Engage Training for Advisors- June 17-18, 2023** -This training is mandatory for National Officer Candidates and their Advisors. This expense is to be covered by the candidate and the school running the candidate. This is a crucial training for National Officer Candidates to ensure their success.

***National Conference (Year 1) June 19-23, 2023** – Running a quality campaign and ensuring the best representation of SkillsUSA Ohio, keeping in mind and abiding by the Code of Conduct at all times. The two top candidates' names for each state officer position will then appear on the secondary ballot. Prior to voting, each candidate must respond to an impromptu question dealing with SkillsUSA. The same impromptu question will be used for each candidate.

The installation of the newly elected state officers will take place at the SkillsUSA Ohio Championships Awards Ceremony to be held at 9:00 a.m. on Wednesday, April 26, 2023, in Exhibit Hall A at the Greater Columbus Convention Center. I would strongly encourage you to attend the Delegate Assembly and/or Awards Ceremony. In the event that your son/daughter is fortunate enough to be elected by their peers, it is necessary that you fully understand the duties, responsibilities and commitments that come with the position of state office in Ohio.

First, it is a priority with SkillsUSA Ohio that all state officers maintain an acceptable level of grades in all subject areas while holding a state office. To this end, it is **mandatory** that every state officer submit a copy of their most recent grade report within two weeks of receiving it from their local school. In the event that any grades fall below a "C" average in any subject area, that state officer will be placed on probation until the next grade report demonstrates accepted performance in all subject areas. Probation simply means that time away from school to work on SkillsUSA functions will be severely reduced.

Additionally, it should be understood that Ohio state officers are expected to display exemplary behavior and attitudes at all times, both while acting in an official capacity and in their own school district. State officers become the role models for the more than 32,000 members in the State of Ohio. As state officers, they will have the occasion to meet senators, congressmen, education officials, business and industry leaders and the public in general. Consequently, positive state officer behavior cannot be stressed too strongly. It is **mandatory** that newly elected state officers sign a Code of Conduct. Deviation from the Code of Conduct will be cause for disciplinary action of varying degrees depending on the severity of the infraction. However, it should be understood that any state officer who is suspended for any length of time from their vocational school or home school district, or becomes involved with the use of drugs or alcohol, shall be immediately removed from office.

Every newly elected state officer must be prepared to be totally committed to promoting the ideals of SkillsUSA, understand fully their responsibilities to the organization and to carry out their assigned duties to the best of their ability.

As a parent of a prospective state officer, you may feel that the standards set forth for state officers are overly stringent. However, you must understand that Ohio's expectations of their state officers are high indeed because of the very nature of the organization.

If elected, your son/daughter will become a state officer for the largest Career-Technical youth organization in the state of Ohio. SkillsUSA promotes the following:

1. *A Belief in the Dignity of Work*
2. *A Belief in the American Way of Life*
3. *A Belief in Education*
4. *A Belief in Fair Play*
5. *A Belief That Satisfaction is Achieved by Good Work*
6. *A Belief in High Moral and Spiritual Standards*

Although the duties, responsibilities and commitments to the organization are demanding, the potential rewards to each state officer are as great as the standards are demanding.

The rewards realized by each state officer may vary according to each individual's personal dedication to the principles set forth by the organization. The rewards of holding state office may very well be improved self-concept and self-esteem, enhanced teamwork skills, personal maturity, heightened awareness of their own worth as an individual, development of leadership abilities and an opportunity to achieve recognition. All of these rewards are intrinsic in nature, however, there are extrinsic rewards in holding a state office. These rewards are a complete uniform, leadership training, state and national travel, with all expenses paid for meals, lodging and social activities associated with this travel.

SkillsUSA Ohio state officers are expected to attend the following SkillsUSA functions in SkillsUSA dress and be prepared to carry out their assigned duties:

- *State Officer Retreat – June 5-9, 2023**

Failure to attend these functions for reasons other than valid family matters or school requirements, may lead to probation and/or suspension, depending on the frequency of absence.

SkillsUSA Ohio will make every effort to provide transportation for state officers to and from the various functions listed. However, it is the responsibility of the state officer to arrange transportation whenever possible with a personal automobile (parental permission needed), parental or school transportation. Any mileage will be reimbursed by SkillsUSA Ohio.

MEMORANDUM

TO: Parents of National Officer Candidates

FROM: Ms. Jackie Walker

DATE: 2023-2024 School Year

It gives me a great deal of pleasure to inform you that your son/daughter has recently made application to the Ohio Association of SkillsUSA to become a national officer candidate at the 2023 SkillsUSA Ohio Championships Leadership Conference. They have taken that necessary first step in obtaining their career goals by successfully passing the national officers screening examination with a minimum score of at least 80%.

They will go through an interview process prior to the SkillsUSA Ohio Championships to determine final eligibility as a national officer candidate. If chosen as a candidate, their name will appear on the primary ballot at the Delegate Assembly to be held at 12:00 p.m., Tuesday, April 25, 2023, at The Greater Columbus Convention Center. As a candidate for a national officer position, your son/daughter is required to prepare a speech of no more than two minutes in duration, to be given before the voting delegates. After the primary ballot is taken, the Delegate Assembly will reduce the candidate field to the two top candidates for each national officer position. The primary ballot is secret in nature.

The two top candidates' names for each national officer position will then appear on the secondary ballot. Prior to voting, each candidate must respond to an impromptu question dealing with SkillsUSA. The same question will be used for each candidate.

In the event your son/daughter is fortunate enough to be elected by their peers, they will then need to prepare to travel to Atlanta, Georgia, in June to campaign on a national level. Additionally, it should be understood that National SkillsUSA officers are expected to display exemplary behavior and attitudes at all times, both while acting in an official capacity and in their own school. National officers become the role models for the 350,000 members in the nation.
